8. OPTIONS

9.1 Options are contracts that give the buyer the right, but not the obligation, to buy (in the case of a Call Option) or to sell (in the case of a Put Option) a specified FX/CFD at a specified price (the "Strike") at a specified time and date (the "Expiration"), from or to the seller of the option. These are commonly known as European style vanilla options.

GENERAL TERMS & CONDITIONS

9.2 The proceeds of the purchase or sale of an Option (the "Cost", or "Premium") will be immediately debited or credited to the cash balance of the account. At Expiration, Options that are in the money will be automatically closed out at intrinsic value, that is, in the case of Call Options, the amount by which the closing price of the specified FX/CFD exceeds the strike price, and in the case of Put Options, the amount by which the Strike exceeds the closing price of the specified FX/CFD. For long Call and short Put positions, the closing price will be the prevailing bid price of the underlying FX/CFD at Expiration; and for short Call and long Put positions, the closing price will be the prevailing ask (offer) price of the underlying FX/CFD, as determined by Ava in its sole discretion. Options that are not in the money will expire worthless.

9.3 The Customer acknowledges, recognizes and accepts that Euro Next quotes variable spreads on Options. The Client is specifically made aware that variable option spreads are affected by actual market conditions, which are beyond Euro Next's control. Euro Next does not guarantee any maximum or minimum quotable option spreads. There may be times when Options quotes are not available in some underlying FX/CFDs.

9.4 We allow you to perform various transactions, including in respect of options based on various indices that shall be defined by us from time to time (for example, index rates and stock and option rates), and to receive financial information and various other services as we shall determine in our sole discretion. Prior to effecting any transaction, we advise you to read the explanations that may be found on the website regarding each type of transaction. The rules of trade are set exclusively by AVA.

9.5 We will make available, by posting on www.EuroNext.com, the current price applicable to a share or index, and offer you the opportunity to submit a put or call position in respect of such share. Each position shall be for a specified expiry time. We expect that the current prices will be reasonably related to the actual prices of such shares available in the market. We make no warranty, express or implied, that the quoted prices represent prevailing quoted prices.

No action is required by the customer on the Expiration of Euro Next Protect to receive this credit, and the position remains open.

10.11 For the avoidance of doubt, Euro Next will return realized losses on covered positions to accounts before any Negative Balance Protection is applied.

10.12 Euro Next Protect contracts have no value after the protected position is closed or after the Expiration date and time, whichever occurs first.

11.8 Any failure by Euro Next to enforce its rights hereunder shall not be deemed a future waiver of such rights by Euro Next.

11.9 Euro Next is irrevocably appointed as attorney in-fact for Customer and is authorized, without notice to Customer, to execute and deliver any documents, give any notice and to take any actions on behalf of Customer, including the execution, delivery and filing of financing statements, that Euro Next deems necessary or desirable to evidence or to protect Euro Next's interest with respect to any collateral.

11.10 In the event that the collateral deemed acceptable to Euro Next is at any time insufficient to satisfy Customer's indebtedness or other obligations to Ava, including obligations to provide margin hereunder, Customer shall promptly pay upon demand the entire amount of such deficit.

18. MARKET ABUSE AND MANIPULATION

20.1 PROHIBITION ON ARBITRAGE AND MANIPULATION

20.1.1 Euro Next does not permit the practice of arbitrage when trading and strictly forbids any form of manipulation of its prices, execution, and platform or making transactions based on errors, omissions or misquotes on the Euro Next platform.

20.1.2 Price latency, connectivity delays, and price feed errors sometimes create a situation where the prices displayed do not accurately reflect market rates. The concept of arbitrage and "scalping", or taking advantage of these Internet delays, cannot exist in an OTC market where the client is buying or selling directly from the market maker.

20.1.3 Any transactions that rely on price latency or price feed errors may be subject to intervention which includes the right to void any transactions which Euro Next has determined to be a result of any of these practices, revocation of profits, widening of spreads, block of trading and any other necessary corrections or adjustments on the account without prior notice.

20.1.4 If Euro Next suspects or has reason to believe that Customer has abused the terms and conditions by hedging positions internally (using other trading accounts held with Euro Next) or externally (using other trading accounts held with other brokers), Euro Next reserves the right to cancel any trades or profits associated with Customer's account(s).

20.2 MARKET ABUSE

GENERAL TERMS & CONDITIONS

20.2.1 Euro Next may hedge our liability to you by opening analogous positions with other institutions or in the underlying market. The result of our doing this is that when you trade with us your trades can, through our hedging, exert a distorting influence on the underlying market for that index, in addition to the impact that it may have on our own prices. This creates a possibility of market abuse.

20.2.2 Customer represents and warrants, and agrees that each such representation and warranty is deemed repeated each time Customer opens or closes a position that:

(a) Customer will not place and has not placed a trade with us relating to a particular index or any other CFD price if to do so would result in Customer, or others with whom Customer is acting in concert together, having an exposure to the price of the underlying financial instrument which can create a situation of market abuse.

This exposure can be equal to or exceeding the amount of a declarable interest in the relevant financial instrument. For this purpose, the level of a declarable interest will be the prevailing level at the material time, set by law or by the stock exchange(s) or other exchange upon which the underlying financial instrument is traded; and

(b) Customer will not place and has not placed a trade with us in connection with:

(i) a placing, issue, distribution or other analogous event;

(ii) an offer, take over, merger or other analogous event; or

(iii) any other corporate finance style activity, in which Customer is involved or otherwise interested; and

(c) Customer will not place or close a position and Customer will not place an order that contravenes any primary or secondary legislation or other law against insider dealing or market manipulation. Customer agrees that Euro Next may proceed on the basis that when Customer opens or closes a position or places an order on a share price, Customer may be treated as dealing in securities within the meaning of the relevant statutes or regulations.

20.2.3 In the event that (a) Customer places or closes any trade or places an order in breach of the representations and warranties given, or Euro Next has reasonable grounds for suspecting that Customer may have done so, Euro Next may at our absolute discretion and without being under any obligation to inform Customer of our reason for doing so close that trade and any other trade or trades that you may have open at the time, if

GENERAL TERMS & CONDITIONS

applicable, and also at our absolute discretion cancel any trades or profits associated with Customer's account(s)

20.2.4 Customer acknowledges that trade are speculative arrangements and Customer agrees that Customer will not enter into any transactions with us in connection with any corporate finance style activity.

20.2.5 Customer acknowledges that it would be improper for Customer to deal in the underlying market if the sole purpose of such a transaction was to impact on our bid or offer prices, and Customer agrees not to conduct any such transactions.

19. EXECUTION OF ORDERS, STOP AND LIMITS

21.1 Euro Next will use commercially reasonable efforts to complete all orders which it may, in its sole discretion, choose to accept in accordance with the oral or written or computer instructions of Customer.

21.2 v reserves the right to refuse to accept any order.

21.3 Euro Next may, at its sole discretion, allow Customer to specify a closing price for a transaction at the trading platform through a "Close at Loss" and "Close at Profit" order, subject always to the terms of this Agreement and any other terms and conditions Euro Next may implement from time to time.

21.3.1 "Close at Loss" means an offer to close a transaction at a price determined in advance by Customer which, in the case of a transaction that is opened by offering to buy a specific number of a certain instrument, is lower than the opening transaction price, and in the case of a transaction that is opened by offering to sell a specific number of a certain instrument, is higher than the opening transaction price.

21.3.2 "Close at Profit" means an offer to close a transaction at a price determined in advance by Customer which, in the case of a transaction that is opened by offering to buy a specific number of a certain instrument, is higher than the opening transaction price, and in the case of a transaction that is opened by offering to sell a specific number of a certain instrument, is lower than the opening transaction price.

21.4 Upon Customer's offer and Euro Next 's acceptance of an order, Customer hereby authorizes Euro Next to close the transaction at the Close at Loss price or Close at Profit price, as applicable, and as agreed upon in the order, without further instruction from or notification to Customer.

GENERAL TERMS & CONDITIONS

21.5 Euro Next may, in its sole discretion, close the transaction when the price quoted by Euro Next on the trading platform equals the price accepted by Euro Next for such an order.

21.6 Customer acknowledges and agrees that Euro Next shall not be obligated to close a transaction which does not otherwise comply with any other limitations agreed upon with respect to such transaction.

21.7 Customer acknowledges and agrees that due to market volatility and factors beyond Euro Next 's control, Euro Next cannot guarantee that a Close at Loss order will be executed at the level specified in Customer's order. In such an event, Euro Next will close the transaction at the next best price.

21.7.1 Due to country specific regulations, French resident clients may choose a Limited Risk Account.

21.7.2 Limited Risk Account's Close at Loss orders will be guaranteed and cannot be moved further away from their original specified rate.

21.7.3 The maximum Close at Loss rate on Limited Risk Account will be determined by the capital investment per position.

21.8 If, before Customer's "Limit Order" offer to open or close a transaction is accepted by Euro Next, Euro Next 's quote moves to Customer's advantage (for example, if the price goes down as Customer buys or the price goes up as Customer sells) Customer agrees that Euro Next will execute the closing transaction at the Customer's specified price and not better. Customer agrees that Euro Next can retain such price movement for its own account.

21.9 Customer is aware that a part of Euro Next 's revenues derives from the spreads on each transaction. The spread is the difference between the bid & the ask price of the price quote on a transaction. Therefore, in case the fair market price reduces Euro Next's spread in a specific transaction, Euro Next may, at its sole discretion, choose not to execute such transaction, in which case Euro Next may send Customer an amended quote for his consideration. Euro Next

may complete a transaction at its sole discretion in case the fair market price does not affect Euro Next 's spread from the transaction and / or increases it.
